Delta Dental PPO Plus Premier

You have the flexibility to select providers in the Delta Dental PPO network or the Delta Dental Premier network.

Delta Dental PPO™

This is a smaller network of dentists who offer dental care at a deeply discounted rate, allowing you to maximize the value of your plan.

Delta Dental Premier®

This provides a larger network of dentists who offer care at discounted rates, but you will have a higher out-of-pocket cost for services not covered in full.

You can also see a dentist outside of our contracted network – however, you will likely pay more.

Confirm your dentists network

You can confirm if your current dentist is in the PPO or Premier network by visiting www.deltadentalma.com and clicking on “Find a Dentist” (make sure to select your plan name, Delta Dental PPO Plus Premier) or by calling 800-872-0500.

Member discounts

As a member of Delta Dental, you can take advantage of discounts on Sonic toothbrushes and replacement Heads.

Discounts are available for hearing tests, diagnostics and hearing aids through Amplifon.

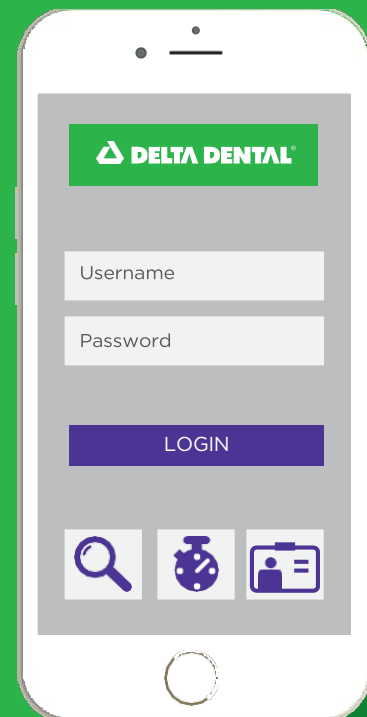

Details and discounts are available at deltadentalma.com.

Use our app to access your dental plan anytime, anywhere.

Download our Delta Dental mobile app and get instant access to:

- Mobile ID card
- Dentist search
- Cost estimator
- Claims and coverage information

Stay on track with your oral health routine by using our built-in toothbrush timer.

Pre-treatment estimate

Ask your dentist to submit a pre-treatment estimate to Delta Dental for any procedure that exceeds \$300. This will help you estimate any out-of-pocket expenses you may incur and will confirm that the services are covered under your dental coverage.

Orthodontic benefits

If you or your dependent's orthodontic treatment began before you were covered under this dental plan, a monthly fee will be paid for the remaining orthodontic visits until either the treatment is completed or the lifetime benefit maximum is exhausted, whichever comes first.

Multi-stage procedures

Some procedures, such as crowns dentures, and root canals, require more than one visit to the dentist. To get coverage for a multi-stage procedure, you must be enrolled in this Delta Dental plan on the date that the procedure is completed.

Talk to a dentist online with virtual visits

Delivered by TeleDentistry.com

Delta Dental of Massachusetts members can now schedule a virtual visit with a dentist 24/7 using their smartphone, tablet or computer

Virtual visits are available to Delta Dental of Massachusetts members for urgent dental problems through their existing Delta Dental coverage. A virtual visit is an effective way to receive care and avoid the emergency room.

You can schedule a virtual visit when you:

- Are having a dental emergency or an urgent dental concern.
- Need access to a dentist after hours and your dentist isn't available.
- Need to consult with a dentist while traveling.

TeleDentistry.com dentists diagnose the problem and provide treatment options. You will be referred to a Delta Dental dentist for follow-up care.

The TeleDentistry.com dentist will email you consultation notes and direct you to follow up with your provider. If you have not established care with a Delta Dental network dentist, TeleDentistry.com will provide you with a list of local Delta Dental network dentists for follow-up care.

This service supplements Delta Dental's current plan coverage and should be used after business hours, holidays and weekends, or when your regular dentist is unavailable.

TeleDentistry.com services are only available to current Delta Dental of Massachusetts members. A TeleDentistry.com consultation counts as a problem-focused exam under your dental plan.
